

PARCELS POST

Will Handle About Everything
Except Live Stock

Trouble Expected In Starting
The New System

When Uncle Sam puts his new parcels post law into effect Jan. 1, Postmaster Dowds and his assistants are going to start having their troubles. At least, trouble is what the post-office department expects every postmaster will have until the system becomes perfected and more knowledge can be gained of how it will work.

It will be a wide and varied delivery the postal carriers will be compelled to make after the first of the year. Take for instance: A woman living out on some rural route who wishes to send her daughter residing in Mt. Vernon some of those "delicious pear preserves she canned last season;" the rural man makes his collection and it is delivered in the city. Most everything is included among the things that the parcels post will deliver, except livestock.

Other strong things such as limburger and onions will also be part of what the mail men are expected to care for and deliver. Go-carts will not be exempt. You can send a needle or you can take a haystack apart and mail that in bundles. Everything goes and the poor mail man is beginning to feel he will need help and lots of it before another Christmas rolls around. An 11 pound package is the largest that can be sent.

A charge of 5 cents for the first pound and 1 cent additional for each extra pound will cover the entire local delivery expense.

In a bulletin received from the post-office department, these regulations are announced:

"Distinctive parcels post stamps must be used on all fourth-class matter beginning Jan. 1, 1913, and all such matter bearing ordinary postage stamps will be treated as field or postage."

"Parcels will be mailable only at postoffices, branch postoffices, lettered and local named stations and such numbered stations as may be designated by the postmaster."

"All parcels must bear the return card of the sender. Otherwise they will not be accepted."

"The bulletin notifies postmasters that they will be furnished with official maps, copied from the so called 'perfect map' prepared by the United States coast and geodetic survey. In these maps the eight zones indicating various charges for various distances of shipment, are shown."

Heavy scales for the bulkier packages and tape measures to check those of too great dimensions also will be provided.

These zones have a radius of 50, 150, 300, 600, 1,000, 1,400, 1,800 the eighth zone embracing all territory more than 1,800 miles from the point of mailing.

In these zones outside of local delivery, charges range from five cents for the first and three cents for each additional pound in the first zone to 12 cents for the first and 12 cents for each additional pound in the eighth zone, which embraces the Philippines and all other possessions.

PIERCE GIRL

Is Returned To Her Home By
Utica Marshal

Utica, Ohio, Nov. 8.—Marshal Hobbs arrived in this village last evening on train 16 at 6:19, bringing with him May Pierce, the pretty 15-year-old girl, who left here last Sunday in company with Dr. George Edwards, now under arrest in the jail at Newark, O. There was a large crowd at the depot to meet the marshal and the young girl. The latter had nothing whatever to say, and there is an air of mystery surrounding the case, so far as the location in which she was found in Cleveland. Several people who saw her have nothing to say as regards any statements she has made. The whole village is agog over the affair, some are speaking sorrowfully and some are speaking revengingly about future action.

Rev. O. E. Ford of Attica, Ohio, one of the promising young men of the Muskingum Annual Conference will preach at the Mulberry St. M. P. church next Sunday morning. The members of the church are urged to be present. The public is cordially invited.

NO ADVICE NEEDED REGARDING CABINET

Wilson Says He Is Capable of
Making His Own Selections.

Princeton, N. J., Nov. 8.—Those who have been making cabinets for President-elect Wilson were jolted when the president-elect gave out a statement that he was perfectly capable of selecting his own family of departmental advisers and intended to do so.

"Such speculations," he said, referring to the list of cabinet officials that had been prepared in every town where the wisecracks could get the ear of a reporter, "are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a future announcement is possible. It will be perfectly useless to resort to me for corroboration of any report, because I shall have absolutely nothing to announce. No announcement will have the least authority which is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

LOYALTY

To Other Candidate Caused
Defeat Of Carr

"Plunkers" For Jewell In
Delaware Gave Him Election

A glance at the almost complete vote for the office of common pleas judge in this district reveals the fact that Knox county suffered the loss of a resident judge by the defeat of its candidate, R. L. Carr, solely through the spirit of fairness and loyalty that cannot be discerned in the vote of the other two counties. Carr's running mate, Fulton, received practically the full Democratic strength of the county, while Carr's vote of 523 over Fulton is due to the support of a large number of Republicans. In Delaware Carr's running mate, Montgomery, got 1917. Carr's plurality in the two counties gave him 630 over Montgomery and 978 over Fulton. But in good old Democratic Licking was where the political hot-kiss was done to the Knox county candidate, when Fulton received 6107 to Carr's 3813. Where these votes went is not hard to ascertain when Montgomery was given 5740 to Jewell 4509. If Carr had received 2294, mostly Democratic votes, the greater part of which went to Montgomery, he would have led the ticket. If Carr had worked the "plunker" method among his Democratic friends against Fulton as Jewell did on Montgomery in Delaware, he could have been elected. Thus defeat is the price of fair dealing and reward goes to those who are willing to use cut-throat methods to obtain the office.

Anyway, Carr quits the contest with a feeling of having done no man a wrong, which cannot be said by all participants and their friends.

ALL OVERLOOKED A FAT POSITION

No One Named For Chief Justice
of Ohio Supreme Court.

GOVERNOR MAY APPOINT ONE

Office Created by a New Constitutional Amendment Effective the First of the Year—Judge Wamamaker, Progressive, and Foster Wilkin, Democrat, Apparently Elected to the Supreme Bench.

Columbus, O., Nov. 8.—Latest returns practically assure the election as judges of the Ohio supreme court of R. M. Wamamaker of Akron, Progressive, and J. Foster Wilkin of New Philadelphia, Democrat.

Judge Wamamaker is far in the lead of the 13 candidates for the two long-term judgeships on the nonpartisan ballot. Judge Wilkin has relatively a longer lead over the five candidates for the short-term judgeship.

On the returns now in the contest for the second long-term judgeship is close between Oscar W. Newman of Portsmouth, D.; Reynolds R. Kinkade of Toledo, Independent, and William E. Schofield of Marion, D. The independent is sandwiched between two Democrats. Charles A. Thatcher, independent, ran second for short-term.

No Nomination For Chief Justice.

It has been discovered that a mistake was made in that no one was nominated by petition or otherwise for the new position of chief justice of the supreme court, and hence there was no election. The office is created by a new constitutional amendment, effective Jan. 1. Governor Harmon is puzzled what to do about it, but probably will appoint a chief justice. He may leave this appointment to his successor, Mr. Cox. The chief justice is to have a position of commanding importance in the state judicial system. Had any lawyer in the state wanted to run, he could have had his name put on the ballot by getting 4,000 names signed to petition. He then would have been elected without opposition.

Though eight circuit judges have been elected, their offices will be abolished Jan. 1, 1913, just a month and eight days before the time for them to take charge. This contingency also appears to have been brought about by a misinterpretation of the Peck judicial amendment, which abolished circuit courts and created in their places courts of appeals.

The amendment provides that: "The judges of the circuit courts now residing in their respective districts shall be the judges of the respective courts of appeals in such districts and perform the duties thereof until the expiration of their respective terms of office."

Thus there is no provision for newly-elected circuit judges becoming judges of the courts of appeals. They will be officials without an office.

Governor Harmon has suggested, as a means of solving the difficulty, that the elections be treated merely as advisory for the appointment of judges for the courts of appeals.

Cox Gives Harmon the Credit. Governor-elect James M. Cox, in a telegram to Governor Harmon, gave the Harmon administration the credit for the big Democratic victory in the state. He wired: "The splendid work of the state administration maintained by you and other state officers gave us an asset which made victory possible."

Socialist state headquarters claimed the full vote would show Debs had polled almost 100,000 votes in Ohio, three times his vote four years ago.

Prohibition state headquarters claimed Poling for governor had received from 35,000 to 45,000 votes, more than three times the Prohibition vote of 1908.

SUICIDES IN TAXI

Paris, Nov. 9.—There was a sensational case here which up to the present appears very mysterious. A man of 26 hailed a taxicab and told the chauffeur to drive him to the Beaujon hospital. When they arrived there and the chauffeur opened the door of the taxi he found his fare dying. He had a revolver bullet in his head. The suicide has been identified as an American and his name is said to be Arthur Kompton. It is said that he was a neurasthenic.

Mr. Martin McHale of West Gambler street is in a serious condition as the result of a paralytic stroke sustained Friday afternoon.

Mr. William Trank will leave this evening for New York City and Philadelphia in the interest of the J. S. Rutkewitz firm.

Court Of Ohio

Newman a Sure Winner With

WILKIN SECURES SHORT TERM

Possible, However, That Judge Schofield May Gain Over Both Newman and Wamamaker in the Counties Yet to Be Heard From—Kinkade and Thatcher, Independents, Make Remarkable Runs.

Columbus, O., Nov. 9.—Complete unofficial vote of 72 out of 88 counties practically assures the election of Oscar W. Newman, D., of Portsmouth, as judge of the supreme court, long term, and confirms the assurance of the election of Judge R. M. Wamamaker, Prog., of Akron, long term, and J. Foster Wilkin, D., of New Philadelphia, short term.

For the long term William E. Schofield, D., of Marion, is third. It is possible that Judge Schofield may gain over both Newman and Wamamaker in the counties yet to be heard from. He is known to have polled a

heavy vote in Hamilton, Allen, Montgomery, Muskingum, Perry, Preble and Putnam, which has not been computed. Judge Wamamaker claimed his election on advice he had received from these and other unreported counties, Stark, Columbiana, Trumbull, Lorain, Belmont, Athens, Clinton, Portage and Warren.

Phenomenal, all things considered were the runs made by Judge Kinkade of Toledo and his fellow townsman, Charles A. Thatcher, the independent candidates, who had neither personal nor partisan organizations behind their candidacies. Thatcher polled more than 100,000 votes on his plea to be made a member of the court which had disbanded him. His votes voiced a wide sympathy with his claim that the court in his case had denied him the right of free speech. In many counties the Socialist candidates received a heavy vote.

Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time. 'Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them.'—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything. 'Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold.'—Mrs. GASTON BLONDEAU, 1541 Polymnia St., New Orleans, La.

LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles."

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. 'I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor.'—Mrs. MARTIN HUDSON, Box 406, Wauchula, Florida.

LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself. 'I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound.'—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed."

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it."

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYLOCK, 1929 Hampton Ave., Newport News, Va.
